Professional Summary

Flutter Developer with 3 years of experience building and maintaining cross-platform applications for Android and iOS using Flutter and Dart. Skilled in Bloc, GetX, REST API integration, Clean Architecture, Firebase, and offline data management. Experienced in developing production-ready mobile applications and implementing OTA updates using Shorebird.

Education

Panipat Institute of Engineering & Technology Aug. 2019 – June 2023
B.Tech Computer Science – 8.5 CGPA *Panipat, Haryana*

Experience

Flutter Developer July 2026 – Present
PinnTag (Manira Technologies) *Noida, Uttar Pradesh*
- Developed PinnTag Consumer App features including Offers, Events, Flash Deals, Spotlight, Business Details, and Broadcasts.
- Implemented Shorebird OTA updates and fixed UI, navigation, and location-based filtering issues.

Flutter Developer Sept. 2025 – July 2026
Vision IAS (Ajayvision Education Private Limited) *Noida, Uttar Pradesh*
- Integrated the DCA module into the live VisionIAS Android app using FlutterFragment for article notes, daily news summaries, and Economy Sprint.
- Developed the Vision Faculty App for schedules, timetables, academic events, and handout management using Bloc and MVC.

Flutter Developer Oct. 2023 – Aug. 2025
Samriddhi Automations Pvt. Ltd. *Panipat, Haryana*
- Developed Video Management Software (VMS) for live CCTV feeds, PTZ controls, event playback, and low-bandwidth streaming using Flutter and VLC Player.
- Built an HRMS with GPS attendance, leave management, salary tracking, task assignment, offline storage, and Firebase push notifications.

Projects

PinnTag Consumer App | *Flutter, Bloc, REST APIs, Shorebird OTA* | Play Store | App Store
- Developed Offers, Events, Flash Deals, Spotlight, Business Details, and Broadcast features.
- Implemented Shorebird OTA updates and fixed UI, navigation, and location-filtering issues.

VisionIAS DCA Module | *Flutter, FlutterFragment, REST APIs* | Play Store | App Store
- Integrated the Flutter DCA module into the native Android app using FlutterFragment.
- Developed article notes, daily news summaries, and Economy Sprint features using REST APIs.

Sparsh HRMS | *Flutter, GetX, Sqflite, Firebase* | Play Store | App Store
- Developed GPS attendance, leave management, salary tracking, WFH, and task management features.
- Implemented offline storage with Sqflite and Firebase push notifications.

Dinelyte | *Flutter, Bloc, Hive, REST APIs* | Play Store | App Store
- Developed restaurant discovery, map selection, menu browsing, table selection, and ordering features.
- Implemented order tracking, Razorpay payments, and local cart and favorites management.

Technical Skills

Mobile Development: Flutter | Dart | Android | iOS | Cross-Platform Development
State Management: Bloc | Cubit | GetX | Provider | setState
Backend & Database: REST APIs | Firebase | Firestore | Sqflite | Hive | MongoDB | Node.js | Express.js
Architecture & Patterns: Clean Architecture | MVC | MVVM | Repository Pattern | Dependency Injection
Tools & DevOps: Git | GitHub | Bitbucket | Android Studio | VS Code | CI/CD | Shorebird OTA | Dart DevTools
Other: Push Notifications | Razorpay | OpenStreetMap | VLC Player | HTML | CSS | Bootstrap | C | C++ | DSA
Soft Skills: Team Collaboration | Leadership | Problem Solving | Agile | Communication | Skill Development
